

DETAILED ACTION

Response to Amendment

The reply filed on 2/3/09 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Newly submitted claim 38-43 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: claims 38-43 are directed to methods of preparing apparatus structures and previously presented claims, now canceled, were directed to the apparatus, which is an entirely different statutory class.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 38-43 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Therefore there are no claims to examine in the instant application. It is suggested that applicants file a divisional application if they wish to proceed with the method claims. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
